

*Highest quality comfort and support.
Innovation and design with intelligent memory.*

This elegant mattress is upholstered with super soft luxury stretch fabric, has design soft padded sides, four horizontal handles embroidered for easy turning the mattress and cooling 3D breathable fabric for the base layer of mattress that helps to regulate your body temperature dissipating moisture and maintain optimum warmth and comfort during your sleep.

Memory foam has revolutionized the mattress world because of its many qualities and benefits for our health. More than 50% of all people suffer from various degrees of back pain and it is very important to choose a mattress that will alleviate our back ache and pains. The unique healing properties of memory foam allow it to automatically respond to weight and body temperature and moulds to the perfect shape and position of your body. When we turn in bed quickly recovers its shape and readjusts to the new position freeing all pressure points from neck, shoulders, back and knees.

Memory foam provides a restful and relaxing sleep. Wake up feeling refreshed and ready for the day. A full support, high density memory foam that contours to your body in order to release tension and stress.
