

	<b>Model</b>		<b>YPE-12C</b>
	Cooling Capacity	(Btu/h)	12000
		W	3500
	Power supply		220-240V/50Hz
	Rated input (cooling) W		1350
	Rated current (cooling) A		6.0
	EER for Cooling (R410A)	(Btu/h)	8.9
		W	2.61
	Moisture Removal(L/h)		1.4
	Air circulation(m3/h)		380
	Noise	High	55
		Middle	53
		Low	50
	Body size		320*621*455
	Net weight		25
Gross weight		30	
Application area (m <sup>2</sup> )		18~25	

**Basic features of the units:**

1	Self-evaporative , new generation , Water generated inside is reused , no need to empty water,power saves.
2	The condensing water is recycled to improve efficiency through cooling condenser
3	Small and compact design
4	Wind blows upward
5	With remote control
6	0-24 hour timer function
7	Low Noise
8	Silent Function, Suitable to use when sleeping.
9	Four way caster,easy to move

**Accessories**

1	Air exhaust duct x 1 piece (1.5 meters with connector)
2	Window sealing board x 1 set
3	connector for air exhaust duct x 1 set
5	Remote control
